**[CG Docket Nos. 13-24 and 03-123; FCC 13-118]**

**Misuse of Internet Protocol (IP) Captioned Telephone Service; Correction**

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; correction.

**SUMMARY:** In this document, the Commission amends its rules for Internet Protocol Captioned Telephone Service (IP CTS) to remove certain paragraphs of the rules that were vacated by the United States Court of Appeals for the District of Columbia Circuit, and to remove notes that are no longer applicable and to make conforming revisions to certain paragraphs of the rules adopted in Misuse of Internet Protocol Captioned Telephone Service; Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities. The notes indicated that the Commission would publish a notice specifying the demarcation date, a registration deadline, and certain effective dates of various provisions of the amended rules after the amendments were approved by the Office of Management and Budget (OMB). Since the Commission has announced the effective date of each of these provisions in the Federal Register, the notes are no longer applicable.

**DATES:** Effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

**SUPPLEMENTARY INFORMATION:** On August 30, 2013, the Commission published final rules in the Federal Register at 78 FR 53684, which addressed marketing, labeling, registration, and default equipment-setting requirements for the internet protocol captioned telephone relay service (IP CTS). On June 20, 2014, the D.C. Circuit issued an order vacating the Commission's rule prohibiting compensation to providers for minutes of use generated by equipment consumers received from providers for free or for

less than \$75, 47 CFR 64.604(c)(11)(i), and the Commission's rule requiring providers to maintain captions-off as the default setting for IP CTS equipment, 47 CFR 64.604(c)(10)(i),(iii) through (v). Sorenson Communications, Inc. and CaptionCall, LLC v. FCC (D.C. Cir. Nos. 13-1122 and 13-1246, June 20, 2014).

The Commission published a notice in the Federal Register, at 79 FR 40003, July 11, 2014, stating that among other things, the rule regarding the labeling of equipment, software, and mobile applications, 47 CFR 64.604(c)(11)(iii), would become effective immediately. Today, the Commission publishes a notice in the Federal Register stating that the rule regarding consumer registration and certification, 47 CFR 64.604(c)(9), become effective immediately.

This document amends § 64.604(c)(9) through (11) of the Commission's rules by removing the notes and by revising specific rules sections as they appeared in the Federal Register.
